HEALTH INSURANCE SOLUTIONS

Allstate[®]

Our coverage is sure to perk up any health plan with the addition of a PPO network

Your health insurance can help pay the costs of medical treatments, but does it pay all of the costs if you require a visit to the doctor, the emergency room, or even a stay in the hospital? And does your coverage include a PPO Network to help reduce your out-of-pocket expenses if you do need to see a doctor?

If you are like most, your savings is all you have and any major expense, medical or not, would put a financial hardship on your family. That is where our coverage can help. Our Indemnity Medical Policy is designed to supplement your existing health insurance and provide you peace of mind.

Benefits include: Initial Hospitalization Confinement; Daily Hospital Confinement; Hospital Intensive Care; Surgery and Anesthesia; Inpatient Physician's Treatment; Outpatient Emergency Accident; Outpatient Physician's Treatment; At Home Nursing; Ambulance; and Non-Local Transportation.

Plus: If chosen by your employer, you can add optional benefits such as: Prescription Drug; Outpatient Diagnostic X-ray and Laboratory; and Wellness and Preventive Test. Optional rider buy-up benefits can also be added such as: Off-the-Job Accident and Sickness Disability and Term Life. Included at no extra charge, is the ScriptSave Prescription Discount Drug Plan.
