Medical

Because there's nothing more important than your health, The Boyd Companies are proud to announce a new partnership with Lucent Health effective January 1, 2018.

Lucent Health

- Lucent Health, combined with PHCS (Private Healthcare Systems), will be the new administrator of your employer-sponsored health plan. While we are changing the company administering the plan, we are not changing the benefit or level of coverage.
- The Network is changing — Please check the network before visiting your provider. We will now use the PHCS network. To locate a provider, log on to **www.mydasekebenefits.com** and click on **www.multiplan.com/naaphcs**.
- Pre-certification — Any services provided in a hospital or facility (whether inpatient or outpatient) will need to be pre-certified for your benefits to apply. Please make sure you are calling Lucent Health to verify your procedure is pre-certified and covered by the plan.

MaxorPlus

- Network — You can still access all of your current pharmacies, as well as adding back in the CVS and Target options. Log on to **www.maxorplus.com** to access the MaxorPlus network.
- ID Card — MaxorPlus information will be included on your Lucent Health medical ID card, so be sure to show your new card at the pharmacy as of January 1st!

Your Medical Plan Options

The Boyd Companies' medical plans offer flexibility in managing care for you and your family. You have the option to choose among three medical plans: Gold, Silver, and Bronze. The table on the next page provides a general summary of your medical benefits and shows the amount you pay; please refer to your Summary Plan Description (SPD) for additional details.

Narus Health - Brought to you by Lucent Health

As part of your Lucent Health plan, Narus Health will help you navigate the healthcare system. With a dedicated personal care team that is available 24/7 through text messaging, video conference, or phone and comprised of nurses, social workers, care managers, and physicians, you will get the help you need to coordinate your care and treatments. This is part of your health plan in 2018, so watch for more information on this benefit.
